

# THIS WEEK'S PRAYER REQUESTS

Sunday, July 11, 2010

*1 Thessalonians 5:17 Pray without ceasing.*

---

Please continue to pray for our church staff and leadership and for each other.

## Miscellaneous requests for Dave and Joyce Crabill

- Erica Smith – Please pray for Erica Smith, daughter of Dave & Joyce Crabill. Victory over a long time weight problem and depression over finances. Pray she will trust the Lord to care for both of these issues and she will allow the Lord to carry these burdens.
- Andy Hiltibran – Pray for Andy, our son-in-law, about migraines that don't go away and other undetermined health issues. Pray for wisdom and discernment for doctors to find the problems and be able to determine right treatment to bring relief. Pray also that Andy will be drawn to the Lord during this time.

**Angie Pullins** – Niece of Barb Cremeans with hearing problems. She has lost most of the hearing in her right ear, and has a partial hearing loss on her left ear.

**Barb Ferguson** – Please pray for Barb as she prepares for surgery. The test results from the Cleveland Clinic indicate that the right kidney is ok. Her left kidney has a tumor. Laparoscopic surgery to remove the tumor will be August 2<sup>nd</sup>. She will be in the hospital for 3-5 days.

## Short-Term Mission Teams

- Rick Crossen – Romania (traveling home to US Monday)
- Raymond & Laura Haggard – Slovenia (Campus Crusade for Christ – three weeks left)
- Nicaragua Team – Les & Crystal Ratliff, Ed Waldron, Tim Woodyard (leave for the field this week)

**Tackett Family** – Pray for the family of Louise Tackett at the death of her son, Dwayne.

**Gloria Bolin** – Gloria is facing a problem controlling her high blood pressure and had to cancel a trip to Florida. Pray that this is resolved quickly and that she begins feeling well again.

**Carl Wheeler** – This prayer request is from Tom Humphrey. Carl Wheeler fell in his milk barn today, Saturday the 10<sup>th</sup>. He hit his head and was taken by squad to O'Bleness ER. Not sure if fall caused injury or something medical happened to make him fall. His blood pressure is sky high. Please pray for healing and guidance for the physicians. *Tom Humphrey*

## Barb Cremeans would like to pass on the following praises for recent prayer requests:

- Emily Pullins, the girl with spina bifida does not need braces or surgery at this time, just medication and a recheck in a year.
- Angie Pullins, Barb's niece, who had the hearing problem and appt. in Huntington today. The doctor told her there is no damage to the ear drum, but they will do more tests.
- Jean Cremeans, her sister-in-law, did not have a heart attack. The problem she was having was caused by not staying on her medications for blood pressure and diabetes. She is now back on her medication which should correct the problem.

Barb would like to thank everyone for their prayers.
